**Subject:** WIIN 2107 FY 21 Allotment  
**Attachments:** New\_Allotments\_After\_NOIP\_Closed\_May202020.docx

Good morning Everyone,

I hope you are all staying safe and healthy during these very strange times. We received information on the FY 2021 Allotment for the WIIN 2107 Lead testing in schools and childcare facilities grant. Please find attached the Allotment Memo, you can also find the allotments on our website. The final allotments are under the May allotment columns. In order to receive the funding you will not be required to submit an application, but you will need to do the following: **Submit updated application materials including a revised workplan and 424A that reflect the increased funding, number of additional schools to be tested and population affected.** If you have any questions regarding the additional funding or what to include in your updated application materials, please don't hesitate to call or email George or myself. Thanks very much!

Kind Regards,

Scott A. Bowers, Physical Scientist
